Discover the breathtaking beauty of Britain's unspoilt waterways

Welcome to Kate Boats

Whether you are looking for a fun family holiday or want to take life at a more tranquil pace, you'll find our fleet of narrowboats provide the luxury and convenience usually associated with private craft.

Setting off from our working boatyard, just half a mile from the centre of the historic town of Warwick or from the picturesque banks of Stockton Top Marina, you can cruise the 137 miles of the Grand Union Canal, explore the delights of the Oxford Canal or set your sights on visiting Stratford, 20 minutes by road, but an interesting seven day round trip by canal.

Genuine care and attention goes into every Kate Boats canal break. The boats are equipped with all the comforts of home, including TVs with DVD player, a 240 volt hairdryer, normal household sockets to plug your phone and chargers into, fresh water, flushing toilets, central heating and a galley equipped with fridge and gas cooker. Some also have microwaves.

The boats are graded to ensure that you know what to expect when you book with us, with a range of boats from 3 star, offering great value boating, to our 5 star boats, luxury boating at its best.

Fuel and damage waiver inclusive prices

The price quoted is the price you pay, we include diesel and damage waiver that many other hire companies add as extras. Boats are available for short breaks, a week, 10 or 11 days, and longer. For information on prices and availability, please visit www.kateboats.co.uk.

We hope you enjoy our brochure and website. If you would like to discuss your boat and holiday options we're always happy to talk to you in person. Here's hoping for pleasant cruising and kind weather throughout the season.

Nick and Cheryl Howes.

66 Narrowboating on the Grand Union Canal

A wonderful experience enjoyed by all of us. Even though this was our first narrowboat experience, we soon mastered the boat and the locks and had a great time.

A well appointed narrowboat and helpful staff made this trip highly enjoyable. We highly recommend narrowboating and Kate Boats in particular.

66 What a lovely break we've just had!

We were made to feel so welcome on our arrival and given the cutest boat. This was cleaned and very well kitted out as well as being so comfortable and toasty warm! Our trip was superb.

We can highly recommend Kate Boats for a very special trip! Thank you.

66 1st timers

This was our 1st time we had taken a narrow boat out. We thoroughly enjoyed our short break from Monday to Friday on Amy Clare weather was kind to us no rain. Kate's boats guys were very good with the instructions for the boat and the locks, 'big Up' for them. We would definitely do it again many thanks Kate's boats.

66 A great, friendly and helpfull company.

This is the second time we have used this firm and have not been disappointed. Would recommend all to use this company they re the best we have used in over 50 years of hiring boats.

66 Fabulous weekend break

On our arrival our boat Henry James was modern, spotlessly clean and ready to go. The quality of the boat far exceeded our expectations and had every mod con. Tuition was very good and clear but we then had a great deal lot to learn once we were left to our own devices. We would thoroughly recommend Kate Boats and the Grand Union Canal and look forward to our next trip.

" Fantastic family holiday. The best boats we've come across yet. Perfectly located for adventures on the inland waterways. Lovely team of helpful and enthusiastic people. Loved being able to have our dog along with us too. Would love to suggest something to work on but I can't think of anything. Highly recommended. Thank you!

" Filled with enthusiasm and as complete novices, we set off after receiving instruction from Colin and young Jack. The boat was extremely well equipped and served all our needs. A great time was had by all. We would definitely recommend Kate Boats and their wonderful staff: Jan, Colin, Allie and Alice and of course Young Jack.

“We have rented from Kate boats several times now and each time have had excellent service and a fully equipped and very comfortable boat. It is a great family holiday, the first time I took my 19 year old daughter she thought she would get bored but there's always something to be doing, seeing, or just to simply relax and enjoy family games. Would highly recommend to all - young or old

Useful information

What does the hire fee cover?

Our boats are hired complete with all equipment and a full inventory of domestic items is on board. Bedding is provided.

When you take over your boat it will have been refuelled, the water tank filled and new gas bottles connected. Gas and diesel are included in the hire fee and your boat carries sufficient fuel for two weeks' normal cruising.

What are the boats equipped with?

Our boats are designed to provide you with a home from home, to allow you to enjoy your holiday to the full. All of the boats have a fully equipped galley. There is a gas cooker, grill and four burner hob and an under worktop 240 volt fridge with a small freezer compartment.

The boats are all centrally heated, some with gas boilers, some with diesel boilers. The boiler also provides plentiful hot water. Bathrooms are equipped with freshwater flush toilets, good showers, and some also have baths. Each boat has an airing cupboard.

240 volt electricity is available with standard plugs, suitable for charging mobile phones and other electrical devices. A hairdryer is available on each boat.

Television and DVD player

Your boat is equipped with a colour TV/DVD player and Radio/CD player. By their nature, canals tend to be low lying, so reception may not be as good as you have at home.

Arrival and departure times

Your craft should be returned by 9.00am on the last day of hire and vacated by 9.30am. However, if you want to make the most of your last day, Warwick Castle is a few minutes drive away, and is certainly worth a visit.

Craft are normally available from 2pm. Please let us know if you expect to arrive later than 3pm. We have no facilities for late arrivals.

Free car park

We do have our own private car parks but space is limited and restricts us to two cars per boat, parked free at your own risk.

We will require you to leave your keys with us while you are aboard.

Books and maps

Waterways guides are essential for your cruise as these show the facilities you will need.

We have a wide range of guides and maps which are available in our shop. We would be pleased to send your requirements to you in advance of your holiday.

Before you come

We suggest you watch the Boaters Guide DVD, which is available online at the Waterscape site (links can be found from our website). It provides useful information if you haven't done this before, and a helpful reminder for those that have.

Taking over the boat

Before you start your cruise we will give you full instruction covering all aspects of canal cruising and locking. If you have not handled a narrow boat before we will accompany you through a lock.

A manual provides valuable information and reminders on safe navigation along with the Boaters Guide DVD and handbook.

A list of useful telephone numbers and canal information is also included.

Licences

Your boat is licenced for all CRT waterways. Certain other waterways require special licences which must be obtained before or during the trip. These include the Upper and Lower Avon navigations, river Nene and river Thames. Payment of these licences is the responsibility of the hirer.

Buoyancy aids

We provide buoyancy aids free of charge for those requiring them. We suggest that children wear them at all times, especially when near locks.

Pump out toilets

All our craft are fitted with pump out type toilets. They have a fresh water flushing action similar to that of a domestic toilet. They are unlikely to need emptying during your holiday.

Water

All boats carry a good supply of water but it is advisable to top up daily. It is wise to plan your water stops. The location of water points are shown in the cruising guides.

Pets

We are pleased to accept pets on board, but we do ask co-operation in keeping them off bedding and seating. A charge of £25 per pet is made. Two boats, Molly May and Susan are strictly pet free to cater for allergy sufferers.

Clothing

We suggest casual clothing, wet weather gear and sensible footwear such as trainers. For returning to the boat after dark a torch can be very useful.

Insurance

We recommend that you take out personal travel insurance to cover your travel arrangements in case of emergency.

Marinepool

“

Whether you have cruised the waterways before or this is your first time, we aim to make your experience with us as easy and pleasant as possible, from booking to returning your boat.
