Enjoying your narrowboat experience

Why canal boat holidays are so great for families...

It's a real adventure with everyone heading off together, looking out for interesting things to see and do along the way.

We provide you with buoyancy aids and boat steering tuition so everyone can enjoy learning together to master navigation skills and work the locks.

Enjoy learning the boating lingo together – 'windlass', 'winding hole' and 'tiller', 'bow', 'stern', 'port' and 'starboard', spot wildlife, including the flashing blue of the kingfisher and 'plop' of the water vole. Dust-off long neglected cards and board games for cosy onboard evening entertainment (though our boats all have TVs and DVD-players too!). Explore mile-upon-mile of traffic-free towpaths by foot or by bike (up to two bikes can be stored on the roof of the boat); Breathe in plenty of fresh air to aid a peaceful night's sleep.

New to narrowboating?

It's easy for first-timers to learn to operate our boats. And with our nationally accredited handover and tuition, we'll make sure you're comfortable and in control before you set off. See page 9 for details.

Travelling at less than four miles an hour, a narrowboat holiday offers the fastest way to slow down and the chance to sight-see at a relaxed pace. As soon as you are underway, stress levels are immediately reduced and a steadier pace of life takes over.

From fields and wildlife to fascinating urban landscapes with top attractions, you'll see things differently from a canal boat. But it's also an adventure, as you set off together – with family or friends – to explore the waterway ahead.

Your canal boat becomes your floating hotel room, giving you the chance to stay where you choose, from vibrant city centres to remote rural backwaters. Most mooring sites are free, so you stay somewhere different every night!

You can moor up in the centre of top destinations such as Bath, Birmingham, Oxford, Stratford-Upon-Avon and Chester; visit significant historic sites including the soaring majesty of the World Heritage Pontcysyllte Aqueduct; or enjoy world class attractions – Alton Towers, the Ashmolean Museum in Oxford and the Thermae Spa in Bath.

The greener way

A boating holiday is estimated to be 20 times better for the planet than spending two hours flying to a holiday overseas and as soon as you swap your car for a boat, you'll be using a third of the fuel.

Pubs galore!

With hundreds of waterside pubs, a watering hole is never far away, many of them historic rural locals.

Watch out for wildlife

Waterways provide homes for large numbers of birds, plants and animals, including many protected species – the water vole, otter and kingfisher, so there's always something special to look out for.

Electrical appliances

Unlike at home, there is a limit to the power that is available on a boat. Anglo Welsh boats have a device called an "Inverter", which converts the power from the onboard batteries into a 240-volt supply. Power is measured in watts. For example, a standard household light bulb uses 60 watts and a kettle can be as much as 3000 watts. The inverters have a power limitation of 1000 watts, which excludes many domestic electrical appliances. Every domestic electrical appliance has a label on it indicating its power consumption, so, anything above 1000 watts is not permitted.

Usually, the following are more than 1000 watts and therefore are not permitted:

Kettles; irons; hairdryers; vacuum cleaners; any form of heater.

Usually, the following items are less than 1000 watts and therefore can be permitted:

Cool-boxes; hair straighteners; curling tongs; blenders; phone and computer chargers.

The Golden Rules:

- If the appliance is above 1000 watts then don't bring it onto the boat.
- No electrical appliance should be left plugged in unattended.
- Only use one appliance at a time.
- Wherever possible, run the engine whilst using the appliance so that you are charging the batteries.

Finally, remember that it's impossible to guarantee that a battery powered supply system will be able to provide a constant supply of power to any electrical device, including and importantly, medical appliances.

This is because the batteries are charged when the engine is running; as soon as the engine is turned off, then the electrics will start to run the battery down quite quickly.

If you need to bring an electrical medical appliance with you on holiday, talk to us first.

Enjoy the comforts of home

Today's canal boats are fully equipped with all the essential mod cons: fully equipped kitchens; central heating; hot water; TV/DVD; showers and flushing toilets.

You can bring your pet with you

Up to two pets are welcome on all our boats, so they don't have to miss out on the family holiday! Plus the first pet goes free.

Fair fuel costs

All our boats start with a full tank of fuel - plenty to cover a steady two week cruise. You pay a fuel deposit when you book your holiday - this is £90 per week or more or £50 per short break. When you bring the boat back to us the balance of the deposit is refundable after deducting the fuel used. If you have used fuel in excess of the deposit, you will be asked to pay the difference.

Installing internet hubs on our boats in 2015 proved a popular move with our customers so we have rolled it out to the whole Anglo Welsh fleet*.

These hubs provide connection to the Internet from aboard the boat - signal permitting - and allow you to keep in touch whilst on holiday. They come with a limited amount of download so they are no substitute for your home broadband; they work in a similar way to a smartphone so are at the mercy of signal strength, which of course depends on your location.

Think of them more of a way to 'check-in' whilst you're on holiday as opposed to being 'fully connected'

After all, everyone deserves to get away from it all from time to time.

*Boats cruising from Silsden will NOT carry Wi-Fi

From drawing board, to all aboard

Our modern and spacious 160 boat fleet provides a range of holiday accommodation to suit everyone and each of our boats is designed with your comfort in mind.

Brand NEW for 2020

Introducing our new admiral class

The Anglo Welsh fleet continues to evolve with the introduction of a brand new class for 2020. The Admiral Class will launch in 2020 with new builds joining the fleet throughout the year. With fixtures and appliances of the same high standard as the Constellation Class, the Admiral Class applies modern facilities within a tried and tested layout, combining the best of the old and the new.

All dressed in a striking blue livery with gold detailing and a thoroughly nautical theme, the Admirals will be sitting proud on the high seas (canals!)

The Admiral Class boats will be named after famous Navel Officers through the ages. Our first will be named Nelson after the famous 1st Viscount Horatio Nelson.

Director Tim Nelson Parker who sat on the Anglo Welsh Board from 2009-2019

It's also in memory of our late Director Tim Nelson Parker who sat on the Anglo Welsh Board from 2009-2019. Tim was an incredible character and devoted to the canals, so we think it's fitting this boat be named in his honour.

ADMIRAL 2 BERTH
 With a layout based on our award winning Firth Class, we are sure this will be an absolute winner. At 57' she will be roomy without being too big to handle and she offers all the amenities you could expect from a modern hirefleet narrowboat. Definitely top of the line within our 2 berth fleet.

ADMIRAL 4 BERTH
 The new livery will look truly striking on this 65' four berth. With all of the facilities available on the top of the line Constellation Class, this new for 2020 four berth has enviable flexibility of layout, offering four singles, two doubles or any combination of the two. All this whilst still offering two bathrooms and a substantial saloon area. They are going to book very quickly, so get in first!

Prepare for your trip

We want your boat to be in tip top condition when you collect it, so it will be ready from 3pm in the afternoon on your holiday start date

Before you set off

One of our instructors will take you through everything you need to know for your canal boat holiday – how to start the engine; fill up with water; steering; slow down; moor up; and work the locks.

You will also be taken through the basics of canal etiquette – from which side to drive on (the middle), how to steer and work the locks to canal etiquette and the best places to moor-up and turn.

There is a manual on board every boat if you need to check on anything and our engineering teams are always on hand – 24 hours a day – to help over the phone or come out to you if you need them.

With your tuition complete, you will be ready to enjoy the perfect holiday afloat. We know you will find it both relaxing and revitalizing, with something new to see every minute and the chance to work as a team to work the locks, steer the boat and plan your next stop. It is a fun, exciting experience for all the family to enjoy.

Going through locks

Each lock takes about 20 minutes to go through. Some locks you operate yourself and others are operated by lock-keepers. There is no mystery to using locks – just a series of step-by-step tasks. A lock is simply a chamber with gates at either end. By emptying or filling that chamber with water, your boat can move up or down onto a new section of the waterway.

Moorings up

Your boat will not be permitted to cruise at night so make sure you are moored by nightfall. Whilst you can choose where you stop for the night, use sign-posted visitor moorings wherever possible, and always moor to the towpath if you can. If you'd like to find out more about boat handling ahead of your holiday, you can download a free copy of the Canal & River Trust's boater's handbook from www.canalrivertrust.org.uk.

Where do we start?

With such a wide choice of starting points across England and Wales and over 160 boats, you will be spoilt for choice when choosing your Anglo Welsh holiday.

All our bases offer a variety of routes and destinations - the following bases and maps will help you to decide.

The choice is yours depending on how long you've got, how experienced you are, where you'd like to head for and what you'd like to do. And remember, our friendly booking team are available on 0117 3041122 to help at any point.

Choose your base

Your Anglo Welsh base will be your starting and finishing point for your holiday. This is the place you will drive to, unpack, load up your boat and leave your car.

Once you have a base in mind, have a look at the suggested route table on the following bases pages.

This will give you an indication of how many hours cruising it will take for your chosen destinations, allowing you to plan your time. Refer to the key on each base page to help you plan your trip. All routes are suitable for all holidaymakers, whether a novice or an experienced cruiser, except the Bath to Bristol route where you'll be cruising on a tidal river.

How long is your holiday?

We offer a complete range of holidays from three-night weekend breaks to four-night midweek get-aways, one week, ten days, two weeks...the choice is yours! Cruises can start on Friday, Saturday, Monday or Tuesday, depending on your holiday.

Which boat is best for you?

Our modern and spacious fleet provides a range of holiday accommodation to suit everyone. From cosy two-berths, spacious four-berths, six-berths for some extra family room and eight, nine, ten and twelve berths for bigger parties. Returning your boat

Boats need to be returned by 9am on the final day of your holiday or the afternoon before if you've made arrangements with the booking team, so bear this in mind when deciding where you will moor on your last night.

Fair fuel costs

All our boats start with a full tank of fuel - plenty to cover a steady two week cruise. You pay a fuel deposit when you book your holiday - this is £90 for a week or more, £50 per short break.

Where shall we go today?

The low down on some of the best routes on the inland network, with something for everyone from novice to seasoned expert.

Every year more people experience the delights of holidaying on Britain's beautiful inland waterways. You don't have to be an expert and you don't need a licence to steer a canal boat. It's easy for first-timers to learn to operate our boats and as part of our holiday package, we provide hirers with expert boat steering tuition.

With our nationally accredited handover scheme, we'll make sure you're comfortable and in control before you set off. There is a manual on board every boat if you need to check on anything and our engineering teams are always on hand – 24 hours a day – to help over the phone or come out to you if you need them.

So if you've thought about taking a canal boat holiday, but you're not sure where to begin, here's our top 8 short break narrowboat holidays for newcomers to get you started:

1 Head to Birmingham lock-free.

With no locks between our base at Tardebigge and Birmingham City Centre, this five-hour cruise is perfect for novice canal boaters. The first half of the journey passes through fields, woodlands and sleepy villages before becoming more urbanised. Once you reach the centre of Birmingham, there are over-night moorings at Gas Street Basin, with easy access to Brindley Place waterside restaurants, the Sea Life Centre, glitzy Mailbox shopping and other leading attractions.

2 Learn the ropes on the Llangollen.

Passing through stunning North Wales landscapes, the Llangollen Canal is one of the most popular on the network. With just two locks along the way, the seven-hour journey from our boat yard at Trevor to Ellesmere and back offers a fantastic short break holiday for beginners. The route includes cruising across the incredible UNESCO World Heritage Pontcysyllte Aqueduct, with jaw-dropping panoramic views of the Dee Valley 38 metres below.

3 Dip your toe in the water at Bath.

From our canal boat base at Sydney Wharf on the Kennet & Avon Canal in Bath, it takes just four hours to cruise to the lovely market town of Bradford on Avon, with just one lock to pass through. Skirting the southern foothills of the Cotswolds, the route passes over two stunning Bath stone aqueducts and past the popular Cross Guns Inn at Avoncliff. Bradford on Avon is an architectural treasure with many beautiful buildings, including the magnificent 14th century monastic stone Tithe Barn.

Whixall Marina

Located on the Prees Branch of the Llangollen Canal, Whixall is arguably Britain's most rural marina.

One of the many attractions of Whixall is its proximity to the picturesque Llangollen Canal. Just a half hour cruise to join the main line then you decide to turn left for Llangollen itself, or right to Hurleston Junction and join the Shropshire Union Canal. Having chosen the left turn you are initially rewarded with seven miles of quiet winding canal leading into the aptly named market town of Ellesmere.

Nineteen miles and only two locks later you have reached the historic town of Llangollen, with its many attractions. There are three stunning canal features to add excitement to your journey. Chirk Aqueduct takes you across the border into North Wales, followed by the 459 yards single width Chirk Tunnel, and then the jewel in the crown of the whole canal network. Pontcysyllte Aqueduct sits 126 feet above the River Dee and is single width for its 1007 feet length. If you prefer a more active holiday head to Chester.

A pretty countryside cruise, passing through the market town of Whitchurch, brings you to Grindley Brook flight of six locks with a 3-tier staircase descending through 20 feet.

There is a lock keeper on hand to guide and help you. Six miles to relax before your next challenge, Wrenbury Lift Bridge. This bridge is electrically operated, for which you will need your waterways key. The bridge carries the road into an industrial estate and stopping the traffic at factory finishing time is not advisable - you will not be popular!

A sharp left turn at Hurleston Junction guides you onto the Shropshire Union Canal and a northerly heading towards Chester.

The double width staircase lock at Bunbury, adjacent to the Anglo Welsh base, only interrupts the flat green fields of the Cheshire Plain. Upon reaching the ancient city of Chester the famous attractions abound. The cathedral, castle, racecourse, Roman walls, zoo and of course bars and restaurants offer a choice for all tastes. Whichever cruise you choose, serene or lively, you are assured of a warm welcome from the team at Whixall.

Oxford

Meander west to the peace and tranquillity of Lechlade in The Cotswolds; or east to the dreaming spires of classic Oxford.

Meander through classic, unspoilt scenery on the canal and slow-flowing stretches of the Thames and choose your cruise to a picturesque South Cotswold Town, a world famous centre of learning or the bright lights and 24/7 bustle of our capital city.

Peace. Quiet. Quaintness. Lechlade is a couple of days leisurely cruising to the west of the base - the highest town to which the Thames is navigable. Wootton Wawen

The perfect choice for Shakespeare country and beautiful Stratford upon Avon; or push on further up the canals to the bustle of Birmingham.

Our base at Wootton Wawen is in the top two booking bases every year and looking at its location you can see why! Perfectly sited for Birmingham, Stratford upon Avon, locks, aqueducts, culture, shopping – it's got it all!

Cruising to Stratford upon Avon is a firm favourite from Wootton, combining a lovely stretch of canal and the best that Shakespeare has to offer. Heading south on the Stratford-upon-Avon Canal, you will cross the Edstone Aqueduct, at 475 feet (145 m), Edstone is the longest aqueduct in England.

This beautiful town, home of The Royal Shakespeare Company, set on the banks of the River Avon where you can moor up your Anglo Welsh 'floating hotel' right in the centre of town and soak up the history and culture of a bygone era....Once in a lifetime is just not enough! It's a steady six-hours cruising from Wootton Wawen, so we suggest you spend your first night at Wilmcote and aim to embrace historical Stratford around lunchtime the following day – there are plenty of excellent traditional ale houses to sup and feed! This awesome combination makes Stratford upon Avon one of the most popular Visitor destinations in the UK, but if you're hungry for more, you can buy a licence and lock down onto the River Avon, cruising further southwards through idyllic countryside to Evesham and Tewkesbury.

Heading north from Wootton Wawen and you'll be heading for the bright city lights of Birmingham. Whilst the shops and restaurants are fantastic, don't miss the hidden gem of Birmingham's history, only seen and truly appreciated from the canals. The Symphony Hall, The National Indoor Arena, The Sealife Centre, The Jewellery Quarter, Chinatown – something for everyone all in one place.

If the bustling City is not your thing, then keep it rural by heading onto The Grand Union Canal at Kingswood Junction. Cruise down to historic Warwick and its famous castle and tackle the (in)famous Hatton Flight of locks for a real Narrowboating treat.

Featured Routes

Trevor

Wow!....Just Wow!

THE site on the whole of the inland network. World Heritage Site and awesomely famous aqueduct within 50 metres of the base.

All Anglo Welsh holidays are memorable, but this one might literally come highest on the list! And it represents the 'Welsh' part of our name.

Trevor's awesome Pontcysyllte Aqueduct, nicknamed the 'Stream in the Sky' for obvious reasons, carries the Llangollen canal 126ft high above the River Dee. It is a Scheduled Ancient Monument; a Grade I Listed structure and was granted World Heritage status in June 2009, putting it on an equal footing with the Great Barrier Reef and Statue of Liberty! It towers above the heart of this breathtaking 18km long site, stretching from Gledrid Bridge near Rhoswiell in Wales, to the Horseshoe Falls in Llantysilio, on the River Dee.

Situated right on the doorstep of our picturesque base, cross the Pontcysyllte Aqueduct for the experience of a lifetime. In your boat, the effect is that of being suspended in mid-air.

The views are spectacular, so don't forget (or drop) your camera! With delightful Llangollen town only a two hour cruise away, don't miss out on a visit to The Steam Railway Centre.

Navigate the Llangollen to experience one of the UK's most stunning stretches of inland waterway, from the hills of Wales in to Shropshire, rich in wildlife, with its meres, then on to the rolling plains of Cheshire. There are tunnels, lift bridges and not too many locks to negotiate, along with its very famous aqueducts of course.

Silsden

Tucked away in the Yorkshire dales, this gem of a base is the perfect place to explore Leeds & Liverpool Canal.

Your holiday starts in the small Yorkshire town of Silsden, which dates back to Saxon times, with its duck pond in the centre of the main street.

Going west from Silsden, the canal passes through the typical Yorkshire stone built villages of Kildwick and Farnhill and on into a dense wooded area famous for its bluebells and deer. Through Bradley - a typical 'mill village' with cricket field and a very nice country pub. Then on to Skipton, the 'Gateway to the Dales' with a market four days a week, and a Farmers' market once a month.

The canal continues through countryside to the delightful village of Gargrave, where it runs close to the river Aire. It is also the start of a flight of six locks, followed quickly by another six locks at Bank Newton, hailed by many as the most beautiful locks on the whole canal system.

These take the canal up into the Dales with stunning views, until you reach the hamlet of East Marton, with its famous double arch bridge. From here, continue into the countryside to the three locks at Greenberfield, also in a very picturesque setting.

These locks take the canal onto the summit, and through Salterforth, then to Foulridge, and the famous mile long tunnel (ask about the story of the swimming cow!!) If you have longer on the canal, and are feeling energetic, you can carry on through the Lancashire cotton towns, over Burnley embankment and onto Wigan with its flight of 21 locks.

If you decide to travel east from Silsden towards Leeds, then, along with swing bridges, you will encounter the famous Grade 1 listed 'Bingley Five Rise' locks, which take you down 60ft followed by 'Bingley Three Rise' which drop a mere 29ft. There are a few more locks before you reach Saltaire, which is a World Heritage Site built by Sir Titus Salt for his mill workers. Here you can visit Salts Mill, which has an art gallery showing the work of David Hockney, a café and various other shops.

Leaving Saltaire, you travel parallel with the River Aire into the centre of Leeds.

There's loads more to learn about the Leeds & Liverpool, so give us a call!

Dayboats

Available at most of our bases. The perfect way to 'dip your toe in the water' of narrowboat cruising – just not literally!

Day trips and Day boats

Our day boats offer a great way to try canal boating and to get the hang of steering, mooring up and working the locks.

All are equipped with the facilities you need for a day afloat, including a fridge and a toilet. Just bring your friends and family, food and drink and after some expert tuition you're away!

We have day boats at most of our bases and prices start from just £10 per person. Cruising hours during the season are from 9am to 4pm.

All of our boats carry a maximum of ten people and are designed with indoor and outdoor seating – check each boat layout with the Booking Team as they are all slightly different.

Alcohol – a sad but necessary warning

Whilst we want everyone to enjoy their Dayboat cruise, our primary concern is for your Health & Safety and that of others on the waterway.

As such, the Base Staff will not allow excessive amounts of alcohol to be taken aboard the boats and will decline to handover any boat where they feel this may be an issue. This would result in you forfeiting your booking payment.

Equally, if any boat crew is reported causing disruption on the waterway due to unruly behaviour, the crew will be escorted from the boat and all payments and security deposits will be forfeit. The crew would also be reported to the Waterway authorities, which could result in prosecution.

We can't fit all the options in, so lastly why not try "Daphne" or "Abi" from Great Haywood? Located at the crossroads of canals, this location offers loads of options for a days cruising: Rugeley return with the glorious Shugborough Hall and Cannock Chase; Stafford return is the wildlife and nature lovers ideal cruise; Sandon return offers a great flexibility with a plethora of lovely village pubs dotting the banks on the canal.

There are so many options and this is becoming such a popular way to try out Narrowboating without committing to a full-blown holiday.

Cut your teeth

on a Dayboat and then move on up to the larger overnight boats – you'll be hooked from the minute you step aboard!

The three Dayboats at our Trevor base are very popular, offering a whole holiday experience packaged into one day! Set off for a return cruise to Chirk Bank and meander through A World Heritage site including the magnificent Pontcysyllte and Chirk Aqueducts, two tunnels and a swing-bridge...The Poachers is a great pub to stop off at on the way with great food and a large play area for the children.

Or take a trip on our Dayboat "Emma" from Tardebigge in the Midlands. You can get as far as Kings Norton Junction via the gorgeous towns of Hopwood and Alvechurch; navigate the three historic tunnels of Shortwood, West Hill & Tardebigge – there are no locks or swing bridges but its an action packed cruise and you can almost guarantee a sighting of Herons and Kingfishers so don't forget your cameras!

Emma is also available to hire for a two-berth overnight cruise, which could take you into Birmingham and back – ask the Booking Team for details.

Socially speaking

It's a part of all our everyday lives and a great way for us to get feedback from our customers. Here are some of things they have said about us 'socially'...

Memorable for all the right reasons

Fantastic service. Everything as one would hope. Helped make my children's first experience of canaling memorable for all the right reasons. (Steve Roberts)

Perfect Honeymoon

Fantastic honeymoon started with the most helpful of staff to begin with, and more than happy with the boat, the simple but clear and uncomplicated advice and handover. We were on our way less than an hour after arriving. Everything worked exactly as it should, and the boat was very clean. Have already booked a longer holiday in September. (D.M)

Fantastic company for **great experiences on the water!**

Have been with you numerous years from different sites and the service from the beginning to the end is just brill that's why we keep on returning! Nothing but praise for all your staff. (Linda Mills)

Good customer care and the boat was nearly new!

Good Customer care, well prepared boat, promise of swift help if needed (it wasn't), the staff seemed to be enthusiastic and knowledgeable. (Trusted Customer)

What a time we had on our narrow boat from Anglo Welsh!

Everyone was super helpful, encouraging, and down right nice. The equipment was in great condition and we could not have enjoyed our trip more! (Tiffany Barcik)

Beautiful boat / Beautiful country / Great Experience and memories

Start to finish attention and availability. Ease of booking / planning and answering of questions. All four of us thought the beds in Anna were more comfortable than our own beds. Boat was spotlessly clean and worked perfectly. Staff at Anglo Welsh were excellent, boat prep prior to departure was easy and thorough and staff made accommodations to allow us to leave early and return the boat expediently due to our tight schedule on the return. (M Coleman)

Lovely modern narrow boat

Very friendly and efficient service at Whixall. Lovely modern clean narrow boat with everything we needed. Loved the seating and beds very comfortable. Will definitely use Anglo Welsh again. Travelled as family of four, two grown up children. Had a fab time. (Trusted Customer)

Offers

As well as the best quality, Anglo Welsh also aims to give you the best value, with a range of money saving special offers for new and repeat customers. To make sure you get the very best price, make sure you complete the offers you qualify for on the booking form on page 48, and mention to the booking team. 20% off – 10/11 nights

If a weeks holiday is not quite long enough, choose one of our 10/11 night holidays. When you book a 10/11 night holiday between 13th March – 29th October you will receive a 20% discount off the brochure price.

Early booking savings for Juniors and Seniors

A narrowboat holiday is ideal for all the family, and we're pleased to make it even more affordable. Book a holiday of a week or more on or before 31 January 2020 and receive £25 off for each member of your party aged under 12 or over 60, to a maximum of 10% off the Basic Brochure Holiday Price.

Terms & Conditions

Please read these terms and conditions carefully, when you book a holiday with us you are entering into a contract, which binds us in various ways.

You are strongly advised to ensure you have adequate personal travel insurance, which should also cover any of your potential liabilities in this agreement.

1. Definitions. "The Company" means Anglo Welsh Ltd trading as Anglo Welsh Waterway Holidays. "The Hirer" means the designated Skipper named on the Handover Certificate. Where there is more than one Hirer, they shall be individually responsible and liable under this agreement.

2. Booking Agreement. A booking is a legally binding contract. Submission of a booking form is an offer by the Hirer and an agreement to the Company's Terms and Conditions. The booking Agreement is offered only if and when the Company issues a written boat hire confirmation. The entire contract between the Company and the hirer is contained in these conditions, the booking form and the boat handover certificate. No representations, terms, warranty or condition expressed or implied shall be deemed to be or have been made or agreed or imported by reference to any other by writing, advertisement or conversation. No Agent or representative of the Company has any right to alter or vary or waive any of these conditions. Nor is any such person authorised to undertake any liability whatsoever on behalf of the company. Where more than one boat is booked on the same booking form each boat shall be deemed to be the subject of a separate contract.

3. Group Bookings, Age Limits and Unsuitable Hirers. The Hirer must be aged 18 years or older. The Hirer warrants that whenever the boat is driven by a person aged under 18, that they will at all times be under the close supervision of a competent person aged 18 years or older. The Hirer warrants that two able body people aged 18 years or older will be aboard the boat, taking responsibility of boat and crew at all times. The Hirer must provide on the booking form all details of all persons in their party. On arrival at the base, the boat handover certificate must be completed in full. The company reserves the right to cancel any booking made in contravention of either of the above conditions, on or before the start date and any monies paid to the company shall be forfeit. The company may, at its discretion, cancel any booking and refuse to handover the boats to any person or group who in the company's opinion is not suitable to take charge on the grounds of infirmity, ill health, disability, or who have failed to demonstrate a reasonable standard of competence following appropriate instruction in boat handling. In this event, the company will refund all monies paid for the boat hire and the contract shall be discharged without any further liability on either party. The company may, at its discretion, cancel any booking and refuse to handover the boat to any person or group who in the company's opinion is not suitable to take charge on the grounds of suspected influence of alcohol or drugs. In this event, the company will not refund any monies paid for the boat hire and the contract shall be discharged without any further liability on either party. The company may repossess the boat at any time if in the opinion of the company, the Hirer is unsuitable for the above reasons, or, if the Hirer is not behaving responsibly, or if the boat or any persons are at risk. In this event, the Hirer shall remain liable to pay the full hire price and no refund will be given. Anglo Welsh are one of the few operators who will entertain celebratory parties. Sadly, the actions of the few have repercussions on the many. Therefore, any booking may be required to place a pre-authorised deposit of £1,000 per boat. All or a portion of this amount may be retained in the event of any transgressions to our Terms and Conditions. In the event of a party or boat declining to register this deposit upon request, the boat will not be handed over to the customer and all monies paid by the customer for the holiday shall be forfeit. Additional deposits of up to £100 per person may be required at the discretion of Anglo Welsh Ltd. For certain parties, the deposit will be returned to you when you have finished your holiday, providing the boat and its equipment is returned on time, undamaged, clean and tidy, with no third party claim.

4. Cancellations & Changes. The agreement including the payment terms is a legally binding contract and may not be cancelled or amended except as provided in the conditions. Should the Hirer wish to cancel or amend the booking, they must advise the company immediately by telephone and at the same time send written confirmation by Recorded Delivery post. The company reserves the right to levy an administration charge of £35 for any alteration to a booking made by the Hirer after it has issued a booking confirmation. In the event of a cancellation, the deposit will be forfeited and the Hirer will pay the balance on the due date. The company may, at its discretion, waive the balance fee if the company successfully re-lets the boat for the whole of the hire period.

5. Hire Period, Collection and Return of the Boat. The hire period is as shown on the booking confirmation sheet. IT IS VERY IMPORTANT THAT YOU ARE AT THE BASE IN TIME TO COLLECT YOUR BOAT. THE "WINDOW" FOR ARRIVAL IS 14.00 - 16.00. YOU MUST ARRANGE TO ARRIVE AT THE BASE WITHIN THIS "WINDOW". YOU MUST ARRIVE AT THE BASE IN TIME TO BOARD YOUR BOAT AND HAVE PROPER INSTRUCTION BEFORE YOU WILL BE ALLOWED TO CRUISE. Check in for holidays is from 14.00. Boats are available from 15.00. In order to cruise on the first day of your holiday, you must arrive at the base before 16.00. If you arrive after 16.00 you may not have a "boat handover" and you will not be able to cruise the boat. All bases are closed from 17.00 and you will not be able to gain access. Before departure, the company will give the Hirer such instructions

and trials as the company sees fit, and requires the Hirer to check and sign for contents, inventory and Boat Acceptance. In the event that the boat is unavailable because of circumstances beyond the company's control, the company may substitute a boat of similar accommodation, but if no such boat is available, the company shall refund any payments made but shall not otherwise be liable and the contract shall be discharged. The boat shall be returned to the company's hire base no later than 9am on the morning of the end date. The boat shall be vacated and left in a clean and tidy condition by 9.30 am on the morning of the end date. The boat may not be returned to the base early except by prior arrangement in writing with Anglo Welsh's Head Office. Hirers are responsible for ensuring their cruising schedule allows them ample time to return to the base by the stated time. Breach of this condition will incur a minimum additional charge of £50 per hour or part thereof. In addition, the Hirer will be liable for any extra costs incurred by the company as a result of the boat not being ready for the next Hirer. Where the company has to recover a boat and return it to the base, the Hirer shall be liable for all costs incurred.

6. Prices and Payment. All prices stated are inclusive of V.A.T. and are subject to any changes in V.A.T. rate prior to the final payment being made.

7. Insurance. The boats, their equipment and inventory are insured by the company against public liability risks. The company's insurance does not cover personal accidents or loss or damage to personal effects. Hirers and their crews are strongly advised to take out their own personal insurance cover. The Hirer shall pay a compulsory £50.00 accidental damage waiver for each booking. Accidental damage waiver does not cover damage arising from speeding, contact with a lock sill causing damage to the rudder, skeg or stern gear, TV aerials, chimneys, malicious or intentional damage to the boat, or to other boats and or property, loss or damage of boat inventory and equipment. The late return of a boat or return of the boat in an unclean condition is not covered by the Accidental damage waiver. The Hirer will indemnify the company against all costs, damage, expenses, liability and claims howsoever arising from the negligence, neglect or default of the Hirer to the extent that they are not covered by the company's policy.

8. Obeying the Rules of the Waterways. The Hirer agrees to comply with the following rules at all times for the Health & Safety of the persons on the boat and other persons and the boat and its property: - The boat may not tow nor may it be allowed to be towed by another craft, except under professional assistance in the event of an emergency. Not to cruise between sunset and sunrise. The boat is only equipped to cruise during daylight hours. To observe all speed limits. Not to race or to cruise at a speed which causes a wash, or disturbs or inconveniences other waterway users. Not to take nor allow to be carried on the boat, any dinghies, canoes, inflatables, portable heaters, barbecues of any kind, vehicles, lighting equipment, TV sets, any electrical appliances (save razors), inflammable liquids or substances, gas cylinders, car batteries, firearms or any other items which might cause dangers or hazards. Not to use the boat for business purposes. Not to allow on the boat at any time more persons than the maximum number of berths. Not to have or to carry live fishing bait on the boat. At all times to observe all by laws, navigational limits, or instructions and advice of Canal & River Trust or any other navigational authorities, the company and their respective officers and employees. The company reserves the right at its discretion, without liability, to restrict cruising areas or routes in light of prevailing conditions.

9. Accidents. The Hirer is in charge of the boat and is responsible for its safe navigation and return. In the event of an accident the hirer must: -Get full details of all other persons involved as well as relevant boat names and registrations. The Hirer must inform the company immediately with full details. UNDER NO CIRCUMSTANCES ADMIT OR ALLOW ANOTHER PERSON ABOARD THE BOAT TO ADMIT ANY LIABILITY TO ANY OTHER PERSON. Not have repairs carried out without the company's express permission. At all times obtain and follow the company's instructions. In the event that the company's insurance cover is prejudiced or invalidated by any failure on the part of the Hirer to comply with the provisions of this condition, the Hirer shall indemnify the company in respect of liability claims, loss, damage or expenses incurred. The Hirer shall be responsible for getting the boat off mud banks or other grounding and for removal of weeds, rope and other matter from propellers. The Hirer is responsible for and shall indemnify the company against any claim or charge made by any Navigation Authority for damage to waterway property or loss of water.

10. Repairs and Breakdowns. The Hirer shall notify the company in the event of breakdown, damage, theft or loss and shall provide full details and shall comply with all company instructions. The Hirer must not allow any repairs, adjustment or service without the company's prior approval. The Hirer shall have no claim on the company as a result of breakdown or the failures of the boat and its equipment, or for any delays caused by repairs to the boat.

11. Car parking & Hirer's Personal Property. Free parking for two vehicles is provided for customers by arrangement, although at certain times of the year spaces are limited. The Hirer agrees to comply with the company's instructions on car parking. THE COMPANY ACCEPTS NO LIABILITY FOR LOSS OR DAMAGE TO VEHICLES OR THE CONTENTS THEREIN. The Hirer is particularly advised not to leave valuables or ready portable items in cars. The Hirer is strongly recommended to take out Personal Holiday Insurance.

12. Fuel. The boat is handed over ready fuelled but the cost of hire does not include the fuel consumed. A fuel deposit is payable 8 weeks before the start of your holiday. At the end of your holiday period the boat must be refuelled and any difference to the deposit paid will be refunded or charged. The Boat Owner or the Company may make a fuel surcharge if there is any material increase of diesel or gas prices or duty. Whilst water supply and moorings on the canals are normally free of charge, any costs incurred are the responsibility of the Hirer. Where pump-outs are required to toilet tanks, the cost is the responsibility of the Hirer unless carried out at the Company's base.

13. Pets. You are normally allowed to bring your cat or dog with you, but you must tell us at the time of making your booking. YOU MUST BRING YOUR PET BLANKET OR BASKET WITH YOU AS PETS ARE ONLY ALLOWED ON THE CLEAR UNDERSTANDING THAT UNDER NO CIRCUMSTANCES MAY THEY LIE ON THE BEDDING OR CHAIRS. Your pet must not be left unattended on the boat. Pets are not covered under the company's insurance policy and the Hirer is liable for any costs incurred by extra cleaning and any delays incurred as a cause. Registered Assistance Dogs will be accepted free of charge although all conditions apply.

14. Complaints. The Hirer will check the boat and its equipment fully, immediately after taking possession of the boat. Any shortcomings must be brought to the company's attention BEFORE the boat leaves the base. The Hirer shall sign a Boat Acceptance form before departure and thereafter the Hirer is completely responsible for the boat its equipment and its operation until it is handed back to the company at the end of the hire. Any shortcomings subsequently discovered shall immediately be notified to the company by telephone in order to give the company the opportunity to take necessary remedial action. The company shall not be liable in respect of any matter not so notified immediately.

15. Exemption. The company shall not be liable for any matters arising from any cause beyond the company's reasonable control, or not due to the company's negligence or wilful default including (without limitation) death or personal injury of Hirers their crew and passengers, loss or damage to property, non-fulfillment or interruption of the booking or breakdown delays, mechanical problems, defects, damage, restrictions or obstructions, repairs or damage to waterways, non availability of routes, navigational works, storms, floods, droughts, ice, or in respect of any consequential loss, damage, injury, expense or claim.

16. Brochure & Website. The brochure and website is intended as a general guide and the company will not be liable in the event of any differences in the boat supplied and reserves the right to make modifications. IF THE HIRER'S PARTY INCLUDES ANY INFIRM PERSONS, THE HIRER MUST MAKE RELEVANT ENQUIRIES AT TIME OF BOOKING.

Damage Waiver (compulsory)

The Damage Waiver Fee is £50.00. It is non-refundable and avoids the requirement for a damage deposit payment.

There are certain exclusions: -

- Return of the boat late
- Return of the boat in an unclean condition
- Damage arising from negligence, malicious or intentional damage to the boat, its inventory, third party property, the canal and its structures.
- Damage to the rudder, skeg or transmission due to contact with a lock sill
- Excessive speeding in the boat – the limit is 4 m.p.h.

In the event of the above, the Hirer will be liable for all additional costs incurred above and beyond the Damage Waiver.

Cancellation Protection Scheme

A contract exists once a deposit has been paid and a booking has been confirmed, and you are liable for the whole cost of the holiday even if you are unable to take your holiday. Anglo Welsh Ltd. has created a Cancellation Protection Scheme (CPS) to offer you protection against this liability in certain circumstances.

Where any of the qualifying circumstances are met, all hire monies will be repaid in full less an administration fee of £35 and the Hirer will be absolved from any balancing hire payment. The decision of Anglo Welsh Ltd. is final. CPS only covers complete cancellation prior to the start of the holiday. It does not give a pro rata refund if one or more persons are unable to take the holiday. Cover is only provided for those persons named on the booking form. Any claim must be supported by documentary evidence.

Any claim must be made at the earliest opportunity by telephone and backed up in written form via Recorded Delivery Mail. Qualifying circumstances include: - Death, injury, illness, pregnancy complications or confinement immediately prior to holiday commencement (certified in all cases by a qualified registered Medical Practitioner in writing)

The above circumstances would also apply to a near relative (husband, wife, father, mother, parent-in-law, sister, brother, child) or a close business associate. Jury Witness service in a court of law. Fire, storm, flood, subsidence or malicious damage making the Hirer's home uninhabitable Police requiring the Hirer's presence following burglary at home or place of business. Cancelled orders in respect of U.K. Police and Military Personnel.

Talk to Us

We want to make booking your holiday as easy as possible and our booking team is on hand to help you. They know the Anglo Welsh holiday business inside out and are dedicated to our customers.

It is a small team, not a huge impersonal call centre so that we can offer a personal service. We want to meet all your needs and ensure you have a memorable holiday.

We offer a seven day, no obligation, provisional booking service, giving you time to organise your party and holiday dates.

Q&A:

When is the booking office open?

We are here from 8.30am to 5.30pm on weekdays, from 9am to 4pm on Saturdays and from 10am to 4pm on Sundays and bank holidays. The booking office is closed on Easter Sunday, from Christmas Eve to Boxing Day and on New Year's Day. Messages can be left outside office hours and we will call you straight back when we reopen.

What do I need to be able to book?

Have your credit/debit card details ready and the team can book your holiday on the spot.

How much deposit is required?

The deposit is 25% of your basic brochure holiday price (Box A on your booking form), or full payment if your holiday is within eight weeks of booking.

When do I pay the final balance?

You'll need to pay the balance of your invoice eight weeks before your holiday starts. You can either pay by cheque or credit/debit card. If you would like to pay by cheque, please make cheques payable to 'Anglo Welsh Limited'.

When do I pay for fuel?

All our boats start with a full tank of fuel - plenty to cover a steady two week cruise. You pay a fuel deposit when you book your holiday - this is £90 per week or more or £50 per short break.

When you bring the boat back to us the balance of the deposit is refundable after deducting the fuel used. If you have used fuel in excess of the deposit, you will be asked to pay the difference.

Installing internet hubs on our boats in 2015 proved a popular move with our customers so we have rolled it out to the whole Anglo Welsh fleet*.

These hubs provide connection to the Internet from aboard the boat - signal permitting - and allow you to keep in touch whilst on holiday. They come with a limited amount of download so they are no substitute for your home broadband; they work in a similar way to a smartphone so are at the mercy of signal strength, which of course depends on your location. Think of them more of a way to 'check-in' whilst you're on holiday as opposed to being 'fully connected' After all, everyone deserves to get away from it all from time to time.
