PLANNING YOUR CRUISE
 The speed limit is 4 miles an hour. Combine this with the number of locks and your average speed will be around 3 to 4 miles an hour. For example, Lower Heyford to Banbury on the Oxford Canal, 18 miles, 7 locks = approximately 6 to 7 hours cruising.

Excellent instructions that enabled us to feel confident and enjoy our experience.

Mr Hartley, Dewsbury

PICTURESQUE SCENERY DELIGHTS YOU AROUND EVERY BEND

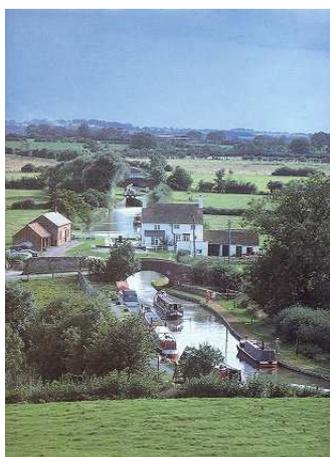

With Napton Narrowboats you can cruise the majority of the English canal system from our bases at Napton on the Oxford Canal or Atherley Junction on the Shropshire Union Canal. You have a wide choice of all the major canal rings and canals, each with their own character and charm.

Slow Down...

You can slow the pace down a bit and relax from the rat race for a while. Watch the wildlife and enjoy the countryside with long leisurely lunches at a country pub.

Journey Through Time...

Built over 200 years ago, the canals meander through the countryside, passing near ancient castles, stately homes, historical market towns and cities, and even theme parks. You can stop and visit places like: The Wedgwood Factory, Nantwich, Alton Towers, Banbury, Blenheim Palace or Stratford upon Avon.

Bring The Kids...

Children love the adventure of a canal holiday. They like to help work the locks and steer the boat (with adult supervision) or pretend they're on a pirate adventure. Needless to say there are always hungry ducks!

**Napton Narrowboats
has been a family run
business for 30 Years**

Short Break Cruises from Napton Marina

South Oxford Canal - 36 locks

The South Oxford Canal has single locks (wide enough for just one boat) which are easy to operate and either grouped in small flights or well spaced. The countryside consists of gently rolling hills with panoramic views. A lovely short break trip is down to Cropredy or Banbury and back.

Grand Union South - 26 locks

This route takes you through the village of Braunston which has historically been associated with the canals and is still an important centre of the network. FOR YOUR INFORMATION

Hire Fees

The weekly hire charge includes VAT, Cancellation Scheme, Diesel Fuel and Gas, and provides a fully equipped self-catering narrowboat, including cleaning materials, teatowels and toilet paper. Bed linen is also included – duvets on all berths. **Towels included on the Regency Fleet.**

Damage Waiver

As standard we operate a Damage Waiver where for a once-off and non-returnable payment you will be covered in the event of any damage/loss or accident to your boat or its inventory during your holiday. (Exceptions: malicious or intentional damage or the return of the boat in an unclean condition.) When you think that this barely covers the cost of a new boat pole, let alone a replacement window, it is a small price to pay for complete peace of mind.

Licences

Your boat is licensed for all Canal and River Trust canals and rivers. Other waterways, specifically the Thames and the Avon require further licences at your own cost. Request further information if you wish to cruise these waterways.

Other Extras

Well behaved and clean pets are welcome on all of our boats, but there is a charge of £35 per pet per week or short break. There is also an extra persons charge of £30 per week or short break for adult crew members when the number of persons on the boat is above the basic occupancy. There is no charge for our open air on-site car parks. At Autherley Junction there is covered secured parking which is available at an extra charge of £15 per week. Cancellation insurance is included in the hire charge. Towels are provided free of charge for overseas customers and on Regency Fleet boats only.

Groceries

If you would like groceries for your arrival we recommend using an on-line grocery service, e.g. Tesco, Asda or your usual supermarket, who will deliver to our bases. Please make sure you use a service where anyone can sign for the delivery and we can then place them on board prior to your arrival. You will find that this makes the start of your holiday more relaxing.

Arrival and Departure

Unless otherwise stated, your boat is normally available for 2.30 p.m. on the first day of your holiday, so please do not arrive at 1 pm. expecting your boat to be ready. The boat must be returned and vacated by 9.00 am on your last day, in a clean and tidy condition.

Instruction

You will be given full instruction on the use of your boat and canal cruising. Boat handling is easy, and even first-timers have confidence after only a few hours cruising. In addition each boat has an instruction manual with lots of useful information and tips

What to bring

We suggest casual clothes, sensible (rubber-soled) shoes, wellingtons and waterproofs. Don't forget games for the children and a torch.

Routes

The most difficult part of cruising with Napton Narrowboats is choosing your route! To help you choose please look at page 2. We do have waterways guides available from our shop once you have decided your route and there is of course much more information on routes on our website.
